Grab your paper, pens, and pencils as lions, giraffes, elephants, ladybirds, and tree frogs take shape in a step-by-step how-to-draw guide for children. Clever details emerge, and thorough instructions ensure that even sketching novices will be pleased with the results. Additional “Did you know?” facts explore a variety of exceptional characteristics and explain why certain colors and unique features, like swinging trunks, long necks, and sticky toe pads, are important for animal survival.
