Bear is training hard for the woodland's community bike ride, Summer Scoot. But he can't seem to find his bicycle legs, even though he is using the same instructional book as everyone else. After running—and crashing—into some friends, he sees that, by combining their strengths, they can find a way to learn that works for everyone. The illustrations encapsulate summer fun, with bright bicycles unique to every character's personality, and the final pages provide a primer on bicycle safety.
