

Einstein: The Fantastic Journey of a Mouse through Space and Time

Torben Kuhlmann

NorthSouth Books (Sep 7, 2021)

Hardcover \$22.00 (128pp)

978-0-7358-4444-5

In a fantastical take on the biography, a mouse attempts to use Einstein's theories to travel back in time to a cheese fair a few days earlier, but finds himself in conversation with the man himself. The story is a primer on Einstein's theories and discoveries, and it prompts discussion on the nature of time itself. The scrappy mouse and entrancing illustrations will hold the attention of younger readers as their helpers guide them through the text.

DANIELLE BALLANTYNE (September / October 2021)
