

## Foodprints: The Story of What We Eat

**Paula Ayer**

Annick Press (June 2015)

Softcover \$16.95 (172pp)

978-1-55451-718-3

With growing concern about climate change and public health, this comprehensive book is timely, informative, and motivating. Charts, graphs, and infographics accentuate the text, which describes where certain foods come from, how they are distributed, and what they do to the body. Classrooms across the country (and the world) should scoop this book up immediately. Ages ten and up.
