

From One to Ten

Mies van Hout

Pajama Press (May 31, 2019)

Hardcover \$17.95 (24pp)

978-1-77278-084-0

In this delightful introduction to basic counting skills, young children are encouraged to take note of how many arms, wings, whiskers, or teeth can be found on an entertaining array of bright creatures rendered in different patterns and textures. Employ the book's tips for more interactive learning fun or read aloud and trace the numbers, each sized for small fingers to practice shaping and identifying digits one through ten.

PALLAS GATES MCCORQUODALE (July/August 2019)
