Warm-hued and soft-edged illustrations scattered with starbursts add to the charm of this no-bones-about-it story of a girl with gas. Ever since she was born, Cassie has had a farting problem; now that she's in school, none of the other children will play with her. When she meets a girl who can't smell anything, she gains a friend, but it's only when her farts save the day on a class trip that she stops being "Gassy Cassie."
