Fly, swim, swing, slink, and climb through the rain forest in this lively introduction to one of planet Earth's most amazing ecosystems. Meet a diverse collection of creatures as tigers, sloths, butterflies, gorillas, elephants, and even a shy okapi emerge in bright colors and bold patterned shapes. Cheerful rhyming verses describe animal personalities, traits, and habitat features along with reminders that each detail, no matter how small or large, was made by God with love.
