Sloppy licking puppy, sticky little sister, and drooling baby brother are just a few of the myriad types of kisses aimed at one lucky little boy and to those who live around him. Rhyming verses and cheerful illustrations flow through seasons and holidays while capturing all the fun and sentiment involved in sharing a special moment with smooches and pecks. Whether they're meant to say "Feel better," "I'm sorry," or "Goodnight," all kisses have a special way of saying "I love you."
