My Mega Monsterpedia is a clever and amusing look at everyday fears and annoyances and the monsters that cause them. Aimed at children ages six and up, the book gives children a way to name and then manage their fears while at the same time making them laugh. Colorful and very creative illustrations of fifty different monsters personify a large range of possible nuisances—from a stuffy nose to a thunderstorm to lice. Each monster is presented with strengths and weaknesses and, most importantly, exactly what a child must do to get rid of it.
