

Overdevelopment, Overpopulation, Overshoot

Tom Butler, Editor

Goff Books (June 2015)

Hardcover \$50.00 (330pp)

978-1-939621-23-8

To better understand humanity, as an exercise in confronting the truth, and to locate the pit of our stomach, we took a hard look at the issue of overpopulation and overdevelopment via the two hundred photographs in this book—we are much the wiser for our discomfort. In massive coffee-table format, this project just might achieve its goal of convincing the world that a “sustainable, collaborative, and hopeful future is dependent on global communication, discourse, and conversation.”

MATT SUTHERLAND (Summer 2015)
