Respect and Take Care of Things is part of a series that teaches basic skills, and this book offers children a simple lesson about the importance of taking care of the things. The text is written in both English and Spanish and discusses the care of personal items, other people's possessions, communal items, and even the environment. The accompanying illustrations demonstrate the ways in which young children can help to take care of a variety of things. The suggested games and activities included at the end of the book offer caregivers helpful tips for reinforcing the book's lesson. Ages 4 - 8.
