Every kid wishes for the glamorous, exciting adventures that only those with secret agent parents seem to have—and that's just what Bug (code name) gets. A high-profile case finds the mother-daughter team in Paris where they use their crafty (literally!) tricks to capture a shady art thief. This hilarious and thrilling noir tours the City of Light with colorfully rendered characters, detailed settings, and zipping dialogue that'll have amateur spies reaching for their knitting needles and glue guns. Ages five and up.
