Push and pull the tabs of this colorful, calming story to reveal how various creatures start their days—and maybe give children some ideas of what to do with their own. As the sun rises over the crest of the distant hills, the forest stirs around a still-sleepy farmhouse: the windows are dark and the porch light is glowing. Squirrels scurry and marmots mambo, encouraging children to face the day in their own ways, too.

DANIELLE BALLANTYNE (January / February 2022)
