Both sensitive and empowering, Anastasia Higginbotham's latest installment in the Ordinary Terrible Things series, *Tell Me About Sex, Grandma*, addresses the stigma and mixed messages regarding sexuality and youth today. Cleverly designed collage art and beautifully simplistic language introduce the topic of sex as "an energy, an action, a conversation, a revelation," and open the door in a natural way for further discussion and education. Compelling themes of self-awareness and respect are relevant for boys and girls and young men and women everywhere.
