

## The Bartlett Book of Garden Elements: A Practical Compendium of Inspired Designs for the Working Gardener

**Michael Valentine Bartlett**

**Rose Love Bartlett**

David R. Godine (Oct 6, 2014)

Softcover \$40.00 (400pp)

978-1-56792-426-8

The long, storied history of gardening as an art form extends many thousands of years, and the great contemporary garden designers owe much to the work of their predecessors, especially in the use of arbors, benches, fountains, gates, statuary, walls, and other man-made garden elements. Picture this mesmerizing project as a compilation of “best of” color photos and descriptions of garden adornment the world over.

MATT SUTHERLAND (Spring 2015)
