

The Chinese Thought of It: Amazing Inventions and Innovations (We Thought of It)

Ting-xing Ye

Annick Press (Oct 30, 2009)

\$19.95 (48pp)

978-1-55451-196-9

With a credible civilization dating to prehistoric times, it is no surprise that China is responsible for an astounding number of ideas and inventions. In this third book in the We Thought of It series (projects on Inuit and Native American culture launched this series) Ye energetically details Chinese contributions in the realms of farming, health, navigation, weaponry, bridge building, metal work, and more. The tightly packed pages overflow with color photos, illustrations, and creative design ensuring an informative and entertaining read.
