(August 31, 2011)

Join the most confounding wild goose chase ever, a journey of tricky language more than distance or geography. Lewis Carroll's rib-tickling rhymes follow a determined but bumbling band—a butcher, banker, broker, bellman, and beaver—on a quest for the elusive Snark. Unearthed after fifty years are Moomin illustrator Tove Jansson's remarkable line drawings, at once simple and baroque. All ages.
