

## **The Kids' Book of Simple Machines: Cool Projects & Activities That Make Science Fun!**

**Kelly Doudna**

Mighty Media Kids (Aug 25, 2015)

Softcover \$14.95 (144pp)

978-1-938063-59-6

Finding ways to pique interest, explore ideas, and create demonstrable lessons in science can be daunting for any caregiver or teacher. This book makes it easy. Full of fascinating activities and interesting facts, each section offers a fun opportunity to learn something new. The layout is clean and simple, and the images clearly illustrate the ideas being discussed. Children will dive into this book full of curiosity and emerge as budding scientists and engineers. Ages 5-10.

CATHERINE REED-THURESON (Winter 2016)
