A fluffy baby penguin tries again and again to use his wings for flying like the petrels, albatross, and other arctic birds, but nothing seems to work—until he takes a leap of faith and tumbles into the sea. Beautiful watercolor artwork creates striking images of a magical place where penguins soar and glide over forests and mountaintops in a story that embraces the possibilities that arise when you view the world from a different perspective.

PALLAS GATES MCCORQUODALE (March/April 2019)
