This review does not have words—excepting: brainy, entertaining, and satirical. That and smart-alecky, comic, adorable, artistic, and snort-out-loud funny. This review does not have words in the same way the book doesn't have words (let's call it the in-your-face aggressive, combat-ready dialogue of three mice attempting to write a book without words), but don't hold such trifling matters against Ryan Higgins, even as this review hopes to be half as clever and enjoyable as his book. Ages five to ten.
