In *Too Many Carrots*, a sweet story intended for children ages 2 to 7, rabbit learns the importance of sharing. When rabbit realizes that his home is so full of carrots there's no longer room for him, he tries to find a friend to live with. His friends kindly offer him a place to stay, but each place proves too small for rabbit and his carrots. Illustrations accompanying the text are detailed and humorous, showing rabbit and his friends as they try to squeeze into space that is too small to accommodate them.
