

## Under the Same Sky

**Britta Teckentrup**

Tiger Tales (Sep 1, 2018)

From grasslands and meadows to ice floes and oceans, creatures big and small, whether at home in the air, on the waters, or roaming the earth, all share the same sky. Creative cutout shapes cleverly expose the fluctuating perspectives of rustically depicted animals and landscapes around the world through clouds, raindrops, moon, and wind, along with the love and warmth found in nature and its elements. Whether singing, playing, or peacefully coexisting, everyone can dream together.
