As the sun rises on the island, animals and plants wake up. With simple statements and delicate woodcuts, *Wake up, Island* creates a vivid sense of an island coming to life on a beautiful morning. Each page is a unique work of art. Even the text stretches and dips along with the fauna and flora of the island. Children of all ages, but particularly those ages 4 to 9, will enjoy this simple book and the feelings of joy and wonder it imparts.
