We can never be quite sure what powers a poet draws upon, where exactly she gets her mojo. Chelan Harkin discovered it the hard way: at the bottom-most point of mental and emotional suffering she was mystically blessed with creative inspiration. In the two years since, she's authored three collections including *Wild Grace*, a beautifully rendered flight of ecstasis.

THE SEED OF MY HEART

*I feel God
germinating the seed
of my heart
again*

*new life bursting
out through me*

*breaking down
all that I've known*

*that She may have more space
to love the world
through me.*
