Wild Grace

We can never be quite sure what powers a poet draws upon, where exactly she gets her mojo. Chelan Harkin discovered it the hard way: at the bottom-most point of mental and emotional suffering she was mystically blessed with creative inspiration. In the two years since, she's authored three collections including *Wild Grace*, a beautifully rendered flight of ecstasis.

THE SEED OF MY HEART

I feel God germinating the seed of my heart again

new life bursting out through me

breaking down all that I've known

that She may have more space to love the world through me.
